

CRUISE

 WEEKLY

2011/12 Ocean Cruise Guide

Welcome

Cruising is the fastest growing sector of the travel industry across the globe, with consumers around the world enjoying holidays afloat in ever greater numbers each year.

The boom has given rise to a huge variety of choice for cruisers, with many different options available including fabulous upmarket luxury, relaxing family cruises, adventurous expeditions and fascinating ports of call.

Cruise Weekly has produced this guide to help our thousands of readers across Australasia navigate the choices available. We've aimed to collate information on participating cruise lines in a consistent manner to make it even easier for you to find the cruise that suits you.

Different cruise companies have chosen to contribute varying amounts of information to the guide, but we have attempted to include as much information as possible about each operator depending on the available space.

We would welcome your feedback on the new Cruise Weekly Ocean Cruise Guide, which will now be updated on a regular basis.

BE INSPIRED BY OUR EXPERIENCE

The breathtaking Kimberley coastline of Australia's north is like no other place. Only a Kimberley cruise can get guests this close to untamed wildlife, remote swimming holes, secret fishing spots and Indigenous rock art sites, that are inaccessible by any other means.

Broome & The Kimberley Holidays are the perfect choice when considering a holiday in this unique region of Australia. Here, local knowledge goes a long way. Their team have lived, worked and breathed the Kimberley and the Top End for over 15 years.

They contract the majority of the popular vessels cruising the extraordinary Kimberley coast and can provide recommendations on the best vessels for a client's individual needs; plus suggestions for pre & post accommodation & touring, including itineraries in the Northern Territory and Rail extensions on The Ghan for the ultimate expedition experience.
